

FOR NAPA TRACS SHOPS BUILT-IN · SELF-INSTALL · LIVE TODAY

Turn every NAPA TRACS invoice into revenue you would have missed.

SideKick360 is the analytics layer **already built into your NAPA TRACS install**. Click the Maintenance Hunter button inside any invoice, answer a few prompts, and you're live — no IT, no setup call, no waiting. Your advisors walk up to the next customer with an AI-built service profile. Your ownership team gets daily KPI texts and an enterprise dashboard by the end of the day.

10,000⁺

NAPA TRACS shops already have it built in.

The Maintenance Hunter button is in **every invoice in your system right now** — featured on napatracs.com as an official extension partner. You're not installing software. You're turning on what's already there.

PERFORMANCE MANAGEMENT

Daily KPIs to every manager, by text.

Point-and-click advisor auditing, missed-opportunity reporting, and enterprise roll-up across every store — delivered to the right phone, the right inbox, every morning.

02 / 03

ADVISOR TOOLS

An AI service profile in under four seconds.

Maintenance Hunter, Reach Out, Missed Opportunity, and Service Scope — the advisor tools NAPA TRACS doesn't ship natively, sitting one click from every invoice.

03 / 03

BUSINESS INTELLIGENCE

Tires, services, parts & labor — standardized.

Spiff tracking, promotion ROI, labor productivity. Roll up enterprise metrics across every one of your NAPA TRACS stores in a single dashboard.

"The Maintenance Hunter button is already sitting at the top of every invoice you wrote today. Click it — the rest installs itself."

ACTIVATE · FROM INSIDE NAPA TRACS

Activate your free 30-day trial from inside NAPA TRACS — right now.

Every NAPA TRACS invoice already has a Maintenance Hunter button at the top of the screen. **Click it, follow a few prompts, and you're in.** Most shops see their first missed-revenue report the same day.

INVOICE #142 · JENSEN QUICK QUOTE				
SUMMARY	WORKSHEET	DETAIL	PRINT	TOTALS
CUSTOMER Jensen, Rick		VEHICLE 2014 Dodge Caravan 3.6L		
VIN 2C4RDGCG0ER427432		SERVICE WRITER —		
QUICK QUOTE		MAINTENANCE HUNTER ↓		

↑ THE BUTTON THAT TURNS IT ALL ON

1 STEP ONE

Open any customer invoice.

The Maintenance Hunter button lives at the top of every invoice, right next to Quick Quote. You already have it.

2 STEP TWO

Click Maintenance Hunter, then Get Started.

Answer a few prompts about your shop. The SideKick Connector installs itself — no IT ticket, no downtime.

3 STEP THREE

See missed revenue on the next ticket.

Dashboards go live the same day. Your first daily KPI text lands within 24 hours.

FLAGSHIP FEATURE

Maintenance Hunter.

Builds a complete vehicle service profile in **under four seconds** using CARFAX, OE maintenance schedules, and prior invoice history. Your advisors walk up to every customer with the right recommendation — already priced, already sourced, already documented.

WHERE THE MONEY HIDES

Missed Opportunity.

Point-and-click drill-down into services that should have been sold on prior visits. **Every advisor sees exactly where the revenue walked out the door** — and exactly which customer to call today to win it back.

PLUS, ON DAY ONE —

Everything else, included.

Reach Out

Sub-estimates, recs & misses, one view

Service Scope

Search vehicle history in seconds

Daily KPI Texts

To every manager, every morning

Email Reports

Shop & advisor performance, automated

Enterprise Roll-Up

Across every NAPA TRACS store

Spiff & Promo ROI

Standardized tires, service, P&L
